

Prom Coast Soccer Club Trivia Night

Oh What a Night!!! On Sunday 11th August the Prom Coast Soccer Club held their Trivia Night at the Welshpool Hotel. The turnout was fantastic with approximately 80 people attending. Thank you to everyone who supported the night.

Congratulations to all of the prize winners including Helen Nicholls for winning the Pot of Gold and then donating it back to the club.

A Special Thank You to all of our wonderful sponsors and a big shout out to the Welshpool Hotel for hosting the evening.

Well done to the club committee for pulling together a fun night and another successful fundraiser.

Three-year-old Kindergarten is coming to Welshpool

Kindergarten in 2020!

Do you know a child who will be three next year?

In 2020, Kindergarten programs for three-year-old will be made available at Welshpool Kindergarten. This means an extra year of learning, play and making friends.

Currently, the Victorian Government subsidised 15 hours per week of kindergarten in the year before school, this is known as 'four-year-old kindergarten'. From next year, Welshpool Kindergarten will be offering 15 hours of subsidised 'three-year-old kindergarten'.

Research consistently shows that two years of kindergarten are better than one. The skills children learn set the foundation for the rest of their lives.

In a kindergarten program, children enjoy play-based learning. Teachers support children to develop curiosity, concentration, resilience and creativity. Through play they learn language skills, basic maths concepts, how to regulate their behaviour and get along with others.

The skills we learn as children set the foundation for the rest of our life. Starting kindergarten at three years old gives them the best start to life.

If you have a child who will be ready for three-year-old kindergarten next year you can enrol online now at: <http://southgippsland.vic.gov.au/centralenrolment>

We encourage all interested families to come along to an **information session** regarding 3 Year Old kindergarten information at: **Welshpool Kindergarten on Monday 2nd September at 4pm**

Welshpool & District Primary School

Earlier this month the Grade 3/4/5/6 students had their first visit to the new Welshpool Community Library located at the Welshpool Rural Transaction Centre. With great enthusiasm the students browsed the collection on the shelves then eagerly collected the books they had ordered in, using the self-checkout facilities for the first time. We hope to visit the Library as a class once per month.

The Welshpool Community Library is open 11am – 4 pm every day and is staffed by a Librarian on Wednesday from 11.15am – 1.15pm.

GRANTS SUCCESS for WELSHPOOL MEMORIAL HALL

Our Hall has been lucky enough to secure grant funds from Australia Post as part of their Workforce Community Grants Programme. The funds will go towards some new equipment for the kitchen. We have also been successful in securing a grant though DELWP to allow us to repair the western walkway and to also add a ramp to improve disabled access to the facility. Many thanks to all that have contributed to the raising of funds through hall hires and or attending of functions, which allows us to improve and maintain our hall.

Congratulations Joy Kipps on successful application for Australia Post Grant

Flying Doctor Wellbeing: Supporting the mental wellbeing of Welshpool residents

The Royal Flying Doctor Service (RFDS) Victoria's mental health program 'Flying Doctor Wellbeing' has arrived in Welshpool. Flying Doctor Wellbeing provides free and confidential mental health and wellbeing services to people living in rural and remote communities.

If you're struggling with things like low mood, persistent worry and stress, grief, financial stress, or just need a friendly face to have a chat to, our local Mental Health Clinician Diana Boyd can support you, providing expert advice, resources and strategies for coping. Appointments are confidential and do not require a referral from a GP.

Diana has a Bachelor of Social Work and postgraduate studies in mental health. Her wealth of experience covers a range of diverse environments including mental health, trauma recovery, sexual and family violence and refugee communities.

Diana believes in a collaborative approach to mental health, providing a caring environment without judgment.

"Rather than adopting one methodology for all individuals and issues, I draw from a variety of methods to create a tailored approach for each individual and situation," says Diana.

If you would like to make a free and confidential appointment please contact the Flying Doctor Wellbeing team on (03) 8412 0480.

PORT WELSHPOOL & DISTRICT MARITIME MUSEUM

The Moon.....

The first memory of the moon from our childhood is usually from the nursery rhyme " Hey diddle diddle the cat and the fiddle the cow jumped over the moon", and so the nonsense rhyme goes. As we grew we looked at the moon with fascination and a little more nonsense was added. When the moon was full and at its brightest, we looked for the man in the moon and sometimes even a rabbit. Then with a little more nonsense we were told the moon was made of cheese. We stared at the moon in wonder, and yes we could see the rabbit or maybe a man, they were there, you never questioned whatever your parents told you, it was where ever your imagination took you.

In later years the phases of the moon were taught at school and they were always marked on the calendar. The Moon and its position are very important to many, but to a fisherman, it played a big part as the tides have a great influence where and when you fish. The Moon on its back was said to be a sign of bad weather, [next time the moons is on it's back check it out] and the full moon was perfect for catching certain fish. Other species of fish are caught when the moon is not so visible, on the darkest of nights.

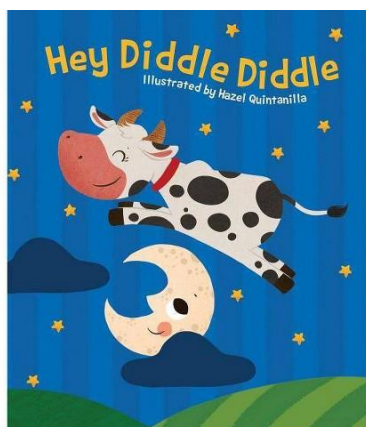

In the month of July just gone, we learnt that 50 years has passed (can you believe it?), since the first men walked on the moon.....how time flies. Even though it was America's call, Australia played a very important part. And now with all the television coverage of the archival footage; we giggle at how fashion has changed, smoking in homes and offices was common practice, the style of cars , solid and large with very few "added extras", a radio or an ash tray and then came indicators, also noticing the furniture. Some of us still have pieces to cherish, others wish they had.

For this milestone it was a time to cast your memory back and remember where you were on this very important day, and as we now learn in more detail, the history from the lucky men who trained and risked their lives to make this voyage.

The moon in lots of old songs was featured to describe romance especially during the war years. The big companies got in on the act with chocolates in special containers to mark the milestone.

I was working in Melbourne at the time of the moon landing, all production stopped so we could all sit around in the canteen of the Note Printing Branch of the Reserved Bank, eyes glued to what seems like now a tiny T.V. Eagerly watching, straining our eyes to catch a glimpse of what the moon really consists of.

Its fun at these milestones during our life to remember back where we were... oh yes, it is also very scary..... But, we remember..... And how lucky are we to witness it all!

The Port Welshpool & District Maritime Museum Annual General Meeting will be held on Monday 23rd September at 1pm at the Museum. All Welcome

The **Welshpool & District Advisory Group (WDAG)** was established in 1998 as a not for profit entity. The community unified and set up this organisation to provide support and services to the small rural populations in the Corner Inlet Area. The first social enterprise established by WDAG was the Rural Transaction Centre (RTC) in 1999. With funding obtained from the Department of Transport & Regional Services to purchase the building and establish the centre, the Welshpool RTC was the first Rural Transaction Centre in Victoria and has been a successful self-sustaining enterprise ever since.

Since the early beginnings WDAG have increased the number of shop front enterprises from one, the RTC, to three, the RTC, Op Shop and Nursery. Whilst the site(s) management has changed once or twice over the years, the dedication of the WDAG members, management staff and volunteers together with the support of the community has been the strength behind the success of these enterprises.

The vision of WDAG is to have a strong, involved and progressive community. The WDAG members and staff have a mutual interest in seeing the Welshpool community prosper and improve, to embrace and pursue opportunities that are available to the community now and into the future. Our mission is to promote community wellbeing and to continue to provide support for community growth and development in the general Welshpool and Port Welshpool districts, inclusive of the whole of the riding of the South Gippsland Shire.

If you would like to become a part of this journey the Op Shop/Nursery are always looking for volunteers to come on board and assist them, or you can become a member of the Welshpool & District Advisory Group.

The members of WDAG would also like to thank the community for their ongoing support of these not for profit enterprises. Should you have any questions please call into the RTC and ask our staff members.
